**HERALD WANTS BRING RESULTS**

**DEFEND SCHOOL PLAN**

Board of Trade Committee Opposes Bills in Congress.

**ALL COMPROMISE DEFEATED**

Resolution Asking Appointment of Committee to Fight Measure Before Congress Is Adopted—Minority Falls to Go on Record in Advocation of District Control of Schools.

"Resolved, that the president of the Board of Trade be, and he is, hereby requested to appoint a committee of three members to appear before the District of Columbia committee of Congress in support of the resolution adopted by the Board of Trade, January 15, 1908, relating to proposed legislation affecting the schools of the District."

The foregoing was the only definite action taken by the committee on schools at its meeting, last night, at the headquarters of the Board of Trade, adjourned from Saturday night to clean up unfinished business.

**Proposition Voted Down.**  
After the passage of the resolution an attempt was made by a member to introduce a resolution favorable to retaining the power of appointing the director of education in District control, implying that the legislation pending before Congress might be enacted.

This resolution was opposed by several members of the committee on the ground that the committee and the Board of Trade had placed itself on record as opposed to any change in the existing school law. It was contended that the proposed resolution would weaken the position taken.

Various amendments were proposed to the resolution, motions to refer were offered, and within a few minutes the subject was in a parliamentary tangle which took more than an hour to unravel out. Finally the proposed resolution was laid upon the table.

**Minority Views for Compromise.**

The school committee is having a rough road to travel in holding its position of opposition to the Dooliver and Burleson bills. A minority of the committee is more or less opposed to the present board of education, and is inclined to welcome the proposed legislation, because it eliminates the board of education.

One or two others of the committee expect the bills in Congress will prevail. They counsel compromise rather than uncompromising hostility to the proposed measures.

At the last two meetings of the committee it has been difficult to keep this minority from getting some motion or resolution through reflecting its position. The debate over the question has been snarled. At times there has been the freest expression of views.

On the whole, the committee has acted with reasonable harmony, and has not changed its position with reference to the proposed legislation in Congress. So far as the action of the committee forebodes the action of the board, it will go to Congress with a solid front against any change in the existing school law.

**CAPT. HARPER EXPLAINS.**

Tells on Stand Why He Relied on Chemical Engine at Veehoff Fire.

Testimony in connection with the charges against Capt. C. E. Harper and members of No. 16 Engine Company was heard at a trial board yesterday morning at the No. 16 engine house. Dereliction of duty is charged in connection with the recent fire at the Veehoff Art Gallery, 1217 F street northwest.

Capt. Harper testified in his own behalf. He gave an account of his directions to the firemen.

According to his statement, the fire was not discernible when engine No. 16 arrived, but when a skylight on the roof was lifted by an employee of the burning store, the flames shot from the roof. This was said to account for Capt. Harper's failure to take a line of hose into the building and use the water hydrant.

When the flames were noticed, Capt. Harper ordered a policeman to turn in an alarm for other companies. An insurance agent seeing the flames that had been liberated by opening the skylight, had taken the responsibility of turning in an alarm, and it is said the charges have come from this incident than from any other. The other engines arrived in time to prevent the policeman carrying out the orders of Capt. Harper.

**FOLLOWS HUSBAND TO GRAVE.**

Mrs. M. V. Wroe Dies After Three Weeks of Widowhood.

Grief for her husband, who died three weeks ago, caused the death of Mrs. Margaret Virginia Wroe Sunday morning at 4 o'clock.

At 10 o'clock this morning the body will be placed beside that of her husband whom she mourned. Mrs. Wroe was the daughter of John Henry Dodson, wealthy land owner, who gave the land on which Rock Creek Chapel is built.

**ZEBULON M. PIKE'S BIRTHDAY**

Discoverer of Pike's Peak Born February 5, 1779.

**Distinguished Career as Soldier and Explorer—Killed in Assault on Toronto.**

High masonry of Washington will today observe in a fitting manner the birthday anniversary of the man in whose honor they have erected a monument in Indiana avenue and Third street—the memorial of Zebulon M. Pike, the discoverer of Pike's Peak, Colo.

Zebulon Montgomery Pike was born February 5, 1779, in what is now Lambert, N. J. His father was an officer in the American army.

Before Zebulon had attained his majority he entered a company under his father's command, and served for a time on the Western frontier. He received the commission of ensign, and later was made a lieutenant of the First Regiment, United States Infantry.

In 1805, the United States having accomplished the Louisiana purchase, and Clark and Lewis having been sent to find the sources of the Missouri, Pike was ordered on a similar expedition to trace the headquarters of the Mississippi. He succeeded in satisfactorily performing the service.

Within two months after his return he was selected by Gen. Wilkinson to head another exploring party. During this expedition Pike discovered Pike's Peak in the Rocky Mountains, and finally reached the Rio del Norte, where he and his force found themselves on Spanish territory.

They were obliged to accompany a body of Spanish cavalry to Santa Fe, where they were dismissed, after Pike's papers had been taken from him. He arrived at Natchitoches, July 1, 1807, and was commended by the government for zeal, perseverance, and intelligence.

Pike was at once appointed a captain, soon advanced a major, and in 1810 became a colonel of infantry. On the declaration of war, in 1812, Pike was stationed on the Northern frontier as a brigadier general, and in 1813 led an expedition against York (now Toronto), Canada.

The surrender of the position was momentarily expected, when a terrible explosion occurred in the British magazine. Pike was so badly wounded that he expired soon after, on April 12, having the satisfaction, however, of witnessing the surrender of the British.

**SNOW AND ICE BILL.**

Measure Approved by Commissioners Would Penalize Tenants.

A bill providing for the removal of snow and ice from paved sidewalks of the District was sent by the Commissioners to the District of Columbia Committee of the Senate yesterday, with a recommendation for its enactment.

The bill provides that the owner or tenant of any building or lot shall cause snow and ice to be removed from the sidewalk of his house within the first four hours of daylight after a fall of snow, if the building or lot fronts or abuts on a paved sidewalk within the fire limits.

In the case of ice upon sidewalks, the person in charge of the property shall cause the ice to be sprinkled with ashes or other substance within the first four hours of daylight after the ice has formed.

The fine for violation is fixed at not more than \$5, or in the default of such payment, imprisonment in the workhouse for not more than five days.

The act carries an appropriation of \$10,000 for the enforcement of its provisions.

**WILL ADDRESS LABORERS.**

Representatives to Speak Before the Central Labor Union.

Representatives McDermott, of Chicago, and Carey, of Milwaukee, will address the Central Labor Union next Monday night, they having accepted an invitation extended by Delegate Feehey, of the central body.

Announcement that the Congressmen are to appear before the delegates of the organized labor councils of the District will be made to all crafts this week, and the indications are the hall in the American Federation of Labor Temple, in G street, will be crowded.

Each Representative holds a union card in the Telegraphers' Union. Several bills now in Congress will be attacked by the speakers and other measures will receive their support.

**WHISTLE AT REVIVAL**

Innovation at Grace Baptist Church Services.

**INTRODUCED BY MRS. MUNFORD**

**Male Members of Choir Whistle While Women Singers Hum the Tune—Declares the Devil Has Stolen Music that Souls May Float to Perdition on Its Waves.**

"There will be no music in hell, hence all music belongs to heaven. The devil has stolen music, that on its waves souls might float into perdition. Let us restore what he has stolen and by the notes of inspiring gospel song, woo our young people back to the paths of right and show them that pure, undefiled, religion does not inhabit a graveyard."

This statement was made by Mrs. Mary Hubbard Munford, of Philadelphia, who is conducting the choir at the revival services at Grace Baptist Church, Ninth street and South Carolina avenue southeast.

**Male Members Whistle.**  
Whistling by the male members of the choir, accompanied by humming by the women, is an innovation in the music of revival services, introduced by Mrs. Munford.

"Is whistling a sin?" she asked. "If a boy likes to whistle, let him whistle, in church or out. I believe the greatest field for saving souls is found in gospel songs. Young people, and young men in particular, can whistle to the glory of God, as well as sing to the glory of God. I think a bright, cheerful, at the same time musical, type of gospel song, written with a view to attract young people, can be introduced into services, and far from detracting, add to the spiritual power of a meeting. I do not believe in introducing anything of a worldly nature into a service, and I do not believe in a theatergoing-card-playing-dancing-church. Such a church fails utterly in carrying out the divine purposes, which is wholly soul winning in its character."

**Big Crowds Expected.**

The services began Monday night and will continue for a month. The pastor of the church, Rev. F. W. Johnson, said the seating capacity will be inadequate, as soon as it becomes known that Mrs. Munford is in charge of the singing.

**ORPHAN ASYLUM PROSPEROUS.**

Treasurer's Report Read at Board Meeting—Dr. Greene's Address.

Mrs. S. W. Woodward, treasurer of the Washington City Orphan Asylum, reported at the annual meeting of the board of managers, held at that institution, yesterday afternoon, a total of \$15,334.04 receipts from various sources during the year, of which \$14,958.91 had been expended; 160 children were cared for during the past year, at the institution, there being no sickness or deaths.

At 2:30 o'clock the children of the asylum marched into the assembly hall and sang patriotic and sacred songs.

Rev. Dr. Greene, of the Calvary Baptist Church, made a brief address, expressing the hope that the children would profit by the education and religious instruction given them by the matron and ladies in charge, so they would grow up to be good men and women.

Mrs. A. D. Brown, secretary, in submitting her report, expressed the thanks of the board of managers, to the Young Men's Christian Association, the Elks, All Saints' Church, the Lutheran Memorial Church, Dr. J. J. Kaufman, and others who have contributed to the happiness of the orphans.

A hymn, sung by the infant classes, was a feature of the meeting.

Those who composed the board of managers are as follows: Mrs. W. H. Merrick, first director; Mrs. I. La Rue Johnson, second director; Mrs. Aldis Browne, secretary; Mrs. Z. T. Sowers, corresponding secretary; Mrs. S. W. Woodward, treasurer, and Mrs. W. V. Cox, registrar.

Mrs. L. C. Squires, matron, assisted by Miss Ella Butler and Miss Helen Woodward, had charge of the singing.

**WOULD EXTEND STREET.**

Improvement in Thoroughfare Recommended by Commissioners.

A bill providing for the extension of Ninth street northwest, from Barry place to Euclid street, was sent by the Commissioners yesterday to the District Committee of the House, requesting Chairman Smith for an early enactment.

The object of the bill is to open the street through square 282, thus furnishing a line of communication northwest from Barry place. It will also provide an additional entrance and exit, which will tend to facilitate police supervision in this section.

The estimated cost of this improvement will be \$15,000, to be assessed against surrounding and abutting property.

**MASS MEETING TO-NIGHT.**

Sunday Observance to Be Considered at New York Avenue Church.

A mass meeting, in the interest of Sunday observance, will be held in New York Avenue Presbyterian Church, this evening at 8 o'clock.

Mr. Justice Marlan will preside and make the opening address. A large number of distinguished citizens will act as vice presidents. Senator Johnson, Representative Graef, Hoffman, Lamar, author of the recent Sunday bill in the House; Frank Brinkman, representing the labor unions, and S. W. Woodward, are expected to speak.

**REMOVAL OF OBSTRUCTIONS.**

Bill for the Clearing of Sidewalks Favored by Commissioners.

A bill providing for the removal of dirt, gravel, and other obstructions from paved sidewalks and alleys in the District of Columbia, was sent by the Commissioners yesterday to Chairman Smith, of the House Committee on the District of Columbia, with a request for its enactment. The bill provides that the Commissioners be empowered to levy a special tax of \$1 a lined foot against improved or unimproved lots from which the dirt or gravel is removed.

**Society Meets This Evening.**

The Washington Society of the Archaeological Institute of America has issued announcements of an illustrated lecture on "Recent Archaeological Progress in Rome," to be given by Prof. Harry Langford Wilson, of the Johns Hopkins University, in Hubbard Memorial Hall, this evening, at 8:30 o'clock. Dr. Wilson brings the latest results of excavations in the Roman Forum and on Palatine Hill. Bishop O'Connell, rector of the Catholic University of America, will preside.

Great Falls of the Potomac.

**BUILDERS HOLD A CONVENTION**

Mr. McCarthy, Noted Western Worker, Will Be in Attendance.

Body of Tradesmen Meet in Typographical Temple Next Monday Morning.

P. H. McCarthy, of San Francisco, executive officer of the Brotherhood of Carpenters and Joiners, and one of the most noted workers for organized labor in the West, will arrive in Washington this week to attend the meeting of the Building Trades convention to be opened in Typographical Temple, Monday morning.

This convention, which is to be composed of all the building trades, is a new departure of the American Federation of Labor.

Mr. McCarthy, in addition to being an executive officer of the Brotherhood of Carpenters, is also president of the State Building Trades Council, of California, and president of the local trades council of San Francisco.

There have been several building trades associations started in different sections of the country, but while they have been composed principally of building trades holding affiliation with the American Federation of Labor, they have been separate and distinct bodies.

The present plan is to organize all the building trades of the American Federation of Labor into one organization, which will have jurisdiction throughout the entire country.

About the only successful building trades organization now in existence is the body that Mr. McCarthy presides over, and it is expected his experience and advice in the formation of this new department will be useful.

Mr. McCarthy was a candidate for mayor of San Francisco in the last election and was supported by union men. His opponents were Mr. Taylor, Democrat, and Mr. Ryan, Republican. The Democrat won.

The Building Trades' convention will bring to Washington about 100 delegates, representing about 40,000 votes of union men throughout the country. Every State and Territory will be represented.

**"HIGHWAYS," KNOX'S THEME.**

One Speech on Natural Kind and Another on Artificial Sort.

Senator Philander C. Knox, of Pennsylvania, a candidate for the Republican Presidential nomination, is scheduled to deliver two important addresses in the next few weeks.

One will be at Kalamazoo, Mich., on February 11, before the Lincoln Club of that city. His speech on that occasion will be entitled "The People, the Railroads, and the National Authority." This will treat of artificial highways of commerce.

On February 12, before the Pittsburg Chamber of Commerce, Mr. Knox will deliver an address on the natural highways of commerce—the waterways.

Both addresses are expected to attract a good deal of attention to Mr. Knox and his candidacy. He will discuss in each of them questions that are now engaging the attention of public men generally throughout the United States.

**LE CUYER TO GET LICENSE.**

Excise Board Has No Judiciary Power, Says Justice Robb.

The Court of Appeals yesterday affirmed the order of Chief Justice Claiborne, of the Supreme Court of the District of Columbia, directing the writ of mandamus to issue against the excise board of the District compelling the issuance of a hotel barroom license to Thomas B. Le Cuyer, at 1413 Pennsylvania avenue.

Section 5 of the statute, which makes it the duty of the board to revoke licenses "upon conviction of such licensee as keeping a disorderly or disreputable place," in the opinion of Justice Robb, who read the decision, means convicting before some judicial tribunal having jurisdiction of the offense, and the proviso does not mean that the board may determine the question.

**DEATH OF MR. MATTINGLY.**

Lingering Illness Ends Life of Mount Rainier, Md. Citizen.

John H. Mattingly, son of the late John H. Mattingly, of Washington, and Mrs. Mollie F. Mattingly, of Mount Rainier, Prince George county, Md., died about midnight Sunday after a lingering illness of consumption, aged thirty-one years.

He had resided in that community for twelve years, and was engaged in various business enterprises.

The funeral will be held this morning, from St. Jerome's Catholic Church, Hyattsville, by Rev. J. P. Tower officiating. Interment will be in Mount Olivet Cemetery.

**Body Taken to Baltimore.**  
Funeral services for Mrs. Margaret Ferguson Martin were conducted at her home, 229 C street northwest, yesterday morning. The body was taken to Baltimore for interment. For seventeen years Mrs. Martin, with her husband, had conducted the Temple Hotel, on Ninth street, this city.
